OUR FAMOUS QUARTET OF MENTORS

HARRY DAHLBERG

"The third time is the charm," and the Swede proved this by producing the Co-Champions of Montana, after dropping the state title game two successive years. His powerhouse team lost only one match this season, that being the conference tilt with Kalispell.

A great honor was paid Coach and Mrs. Dahlberg for his thirty years of hard work, when members of the Silver B's and businessmen sent them to the Rose Bowl game.

Promoted to Director of Athletics this year by trustees of District No. 1, Swede retired from his position as head basketball coach.

BILL HAWKE

Much credit for Butte's champion grid team must be handed to Mr. Hawke. It was from his expert guidance that the team was able to hold out against Kalispell. The entire state gave the Bulldogs credit for playing the greatest defensive game seen in years, and Bill deserves a large portion of that credit. Nevertheless football is not his main sport, for this year he took over the reins as head basketball coach for Butte High. His hardwood squad started with a show of power, took second in Central's round-table tournament, and won the divisional tournament at Livingston, March 6-8.

SAM LEEPER

Won five, lost one—an impressive season record for any team and a mark of good coaching. That is how the Reds wound up their third season under Sam's youthful guidance. But football isn't his only project. He also is at the helm of the Reds' casaba boys. His coaching is a large factor in the development of future Bulldog teams.

BOB SPARKS

"No, you'll find him here only during football season." But he is here most of the time. Bob isn't a regular faculty member, only a guy who loves football enough to coach the Frosh along with the Butte Buzzies, while he holds down a job at the same time. Jim Banfield also helps him, and together they teach the boys real team work.
